The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed *free* on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days *insist* on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Brights or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

Charged with Smuggling.

Commander Cameron McR. Winslow, of the cruiser Charleston, Admiral W. T. Swinburn's flagship, Pacific fleet, has been caught smuggling contraband from Central America and Mexico by the United States customs officers of San Diego, Cal.

The officers first became suspicious when they observed a detail of sailors unloading big boxes from the ship and packing them into a Santa Fe car. Commander Winslow swore to the officers that the cases contained nothing but household goods, but on being broken open the officers discovered twenty-nine cases of champagne, twenty large boxes of curios, 150,000 cigars, finest quality, and numerous other articles carrying heavy duty.

Winslow was held on a charge punishable by heavy fine and imprisonment, but in consideration of his high rank, the customs officers telegraphed to the Treasury Department for instructions, and the Washington authorities sent special orders allowing Winslow to be released on payment of $205.

From reliable sources it has been ascertained that four more scandals of this nature, involving men high in the government service, are pending investigation, and a widespread system of defrauding the government by its own servants is on the eve of being exposed.

Winslow may be compelled to face a charge of perjury for swearing that the boxes contained only household effects. He is considered the wealthiest officer in the navy, having married into the Havemeyer family.

Assistant Rectors Resign.

Rev. Scott Kidder and Rev. George Alexander Griffiths have handed in their resignations as assistant rectors of old St. Paul's Episcopal Church, in Baltimore.

For sometime there has been a lack of harmony in this congregation, which includes many of the wealthiest and most prominent people of Baltimore. The breach between the vestry and a part of the congregation, caused by the resignation of Rev. Dr. Hodges, has not yet been healed. With the calling last October of Rev. Dr. Arthur B. Kinsolving, formerly of Brooklyn, N. Y., to the rectorship, the dissension increased. It was claimed by a large number that the vestrymen had pledged themselves to call only a high churchman, and it was believed that Dr. Kinsolving's churchmanship did not measure up to that standard.

The dissatisfaction affected the work of Dr. Kinsolving and his two assistants. Neither of the latter are high churchmen. St. Paul's has always adhered to the established customs of the old English Church and its ritual has been classed as of the high order.

Rev. Mr. Kidder went to Baltimore last September from Connecticut, and is well known in New York church circles. He declined to discuss his resignation but said St. Paul's Church dirty linen had been subjected to enough washings in public.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

Husband Kills Wife.

Frank E. Jackson walked up to the door of his house in Buffalo yesterday and rapped. His wife opened the door and Jackson stepped inside. Then he shot the woman three times and she fell dead at his feet. Locking the doors leading to the room in which the murder occurred, so his little children could not come upon their mother's body, Jackson went to a neighbor's house and telephoned to the police that there was trouble at his house. Then he walked out to meet the officers and gave himself up.

Jackson said to them: "It was either myself or her—one or the other had to go."

The police say the man had been quarreling with his wife for some time. As Jackson was walking to the 'phone from which he reported the killing to the police he passed his wife's father. He calmly bowed and continued on his way as though nothing had happened.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Mississippi Wants It.

Dr. Dunbar Roland, historian of the State of Mississippi, recently visited Burwell McGuire, about a mile and a half from Berryville. His mission was to examine the old oil painting of Governor Holmes, the first governor of Mississippi. The portrait is painted on a piece of mahogany and is in good condition. It is over a century old. It has been in the McGuire family for a generation. It was painted at the expense of the State of Mississippi and presented to Governor Holmes, who represented the state, after his time expired as governor, in the United States Senate. Dr. Roland is trying to persuade the McGuire family to present the portrait to the State of Mississippi.

TO THE OWNERS OF DOGS.

MAYOR'S OFFICE,
Alexandria, Va., June 12, 1907.

All persons owning or intending to keep any animal of the Dog or Canine species should come forward on or before

JUNE TWENTY-FIFTH, 1907,

and take out a license for the same from the Auditor. After the 30th of June all persons owing or harboring Dogs without the required license are subject to a fine as the laws on the subject require of $3.00 or $5.00.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and policemen will report all such cases and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, etc., on a card or paper when making application for licenses to the Auditor.

FRED. J. PAFF, Mayor.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING, JUNE 17, 1907.

THE BROWNSVILLE investigation, to which the Senate committee on military affairs has devoted three months, was practically finished Saturday. Between thirty and forty of the negro soldiers accused of "shooting up" the town of Brownsville have testified that they are not guilty and do not know who did the shooting. Between thirty and forty reputable citizens of Brownsville, some of them people of high standing, have testified that they saw the negro soldiers firing their rifles, some from the gallery of B Company's barracks, others over the fort wall and others in the streets of Brownsville, some of the witnesses having even counted the negroes as they passed through the streets. Expert testimony of an unimpeachable character has established beyond peradventure that the bullets found in the houses of Brownsville could have been fired from no other weapon than the new Springfield rifles which were in the sole possession of the soldiers. All the skill of Senator Foraker, who from the first acted as attorney for the defense, although unhampered by the rules of evidence which obtain in a court of justice, has been unable to produce evidence to show that the shooting was done by any one other than the troops, to impugn the evidence or the character of a single witness who testified to the guilt of the soldiers or to establish the slightest groundwork on which to base a reasonable suspicion that the outrage was perpetrated by any of the various sets of individuals his ingenuity has suggested from time to time as the possible culprits. The committe will not adopt a report until it meets in the fall, the date for reconvening having been set for November 18, but, as stated in the Gazette's Washington correspondence of Saturday, it is a safe prediction that nine of the thirteen members of the committee will sign a report declaring it to be the conviction of the committee that the shooting was done by the soldiers of the 25th Infantry, although it is impossible to establish the identity of the individual culprits. Thus will the President's action in the matter in disbanding the two colored companies be sustained, as it should be.

BY THE uniform system of accounts that must be followed by all railroads, promulgated Saturday by the Interstate Commerce Commission, government control of trunk lines will become an actual fact on July 1. This furnishes the modus operandi whereby the commission is enabled to enforce the most drastic clause of the most drastic rate bill ever passed by Congress. By its operation the railroads are forced into the limelight of publicity even down to the veriest detail of operation. Indirectly, stock jobbing and speculation with corporate funds becomes an impossibility. Not only does the system provide for monthly reports to the government officials, but by its workings every record of every transaction is accessible at all times. The system will go into effect on July 1, and after that time monthly reports must be filed by the railroads.

DURING last week delegates to the second peace conference at The Hague arrived there and exchanged visits in anticipation of the opening of the session, which occurred yesterday. Count Nedliloff, on behalf of Czar Nicholas of Russia, delivered the opening message, as representing the nation which had initiated the conference. There were present representatives of twenty-three governments which were not represented at the first Hague conference, including China and the Central and South American republics. The conference was formally open on Saturday. But little business was transacted, nor it is believed that much of importance will be.

A NEW interpretation of the pure food law requires the seller, as well as the manufacturer, to guarantee the product. Possibly, after awhile, people will get what they pay for in the shape of pure food and medicines and then the number of deaths from internal troubles will diminish.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, June 17.

Neither Secretary Cortelyou nor any of his subordinates here know of the reported apprehension at San Diego, Cal., of Commander Winslow of the cruiser Charleston, for attempted smuggling. Secretary Cortelyou has called for a report in the case, which, he says, the department has not yet received. It is the impression of Treasury officials that reports of Winslow's detention have been greatly exaggerated. The fact that he made no attempt to conceal the liquors and cigars said to have been smuggled has come to light.

Although news to the general public, the announcement of Senator Beveridge's forthcoming marriage to Miss Katherine Eddy, of Chicago, was not a surprise to the Indiana statesman's circle of intimates in Washington. Miss Eddy, who has been spending her winters in Washington, was frequently seen with Senator Beveridge during the last session of Congress. It is expected here that the wedding will take place this summer, or early in the fall and possibly in Paris where Miss Eddy now is, and for which city the Senator will start tomorrow from New York.

Not much credence is placed in official circles upon the published report that Viscount Aoki, the Japanese ambassador, is about to be succeeded by Baron Kaneko, former minister of justice. In fact it is rather discredited, because it originated with an anti-administration journal in Tokio. It is pointed out that in so important a matter as the exchange of ambassadors, it is unlikely that the anti-administration press would be the first to be advised. But while the change is not, therefore, expected now, it is regarded as quite possible that Aoki may be superseded in the not distant future. It is unquestionably true that although officially Aoki has created a favorable impression here the popularity of the Japanese embassy under its present head is much less than it was under his predecessor, Minister Takahira. Baron Kaneko, who is named as a possible successor, was a confidential agent of the Japanese government in this country during the Russo-Japanese war.

How Edwin S. Holmes, jr., former associate statistician of the Agricultural Department, dispensed advance information about the government crop reports to his own benefit, was told by Louis H. Van Riper, the New York broker, on the witness stand at Holmes' trial today. Van Riper testified that at a conference with Holmes at the Raleigh Hotel, in this city, Holmes said he had cleared $60,000 as a result of speculation in the market. He exhibited a bulletin, issued by the government, of crop conditions, and stated, Van Riper said, that he made up the figures and knew what they would be some time in advance.

Commissioner of Labor Neill today received from Oyster Bay copies of the many requests sent to the President by brokers, boards of trade, and others, appealing for interference in the contemplated strike of the telegrapher operators. Neill will probably request the companies and the operators union to furnish him with information bearing on the situation. The President has turned the whole matter over to Neill.

The Interstate Commerce Commission today decided that railroads may make special rates for the movements of federal troops when such movement is under orders and at the expense of the United States government and that the rates so made need not be posted, or filed.

A claim for eight and one-third millions of dollars from the estate of the late James Henry Smith, based upon an amazing story of a hidden chapter in his life, is soon to be made in a New York court. A New Orleans woman, Mrs. Simon Dufreche, is the claimant. That she is a daughter of Smith, born to him and Ellen Gargen, after a romatic marriage in 1866, in Texas, is the ground upon which she will sue for one-third of the estate.

Body Found.

About 1:30 o'clock yesterday morning Park Policeman Timothy O'Connor noticed an object floating in the tidal basin near C street southwest Washington and upon investigation saw that it was the body of a man. He immediately informed the harbor police, and a boat was sent to the place and the body towed ashore and removed to the morgue.

The man is about 45 or 48 years old, dressed in a dark suit, with a striped shirt, white collar and a dark tie. He has a short, stubby, reddish mustache and a large lip. From the condition of the body, it is stated at the morgue, the man has probably been in the water for two or three days. He wore a plain gold ring and had in his pocket $18 in bills, $1.09 in change and a fountain pen. His shoes bore the name of a dealer in Charlottesville, Va. There were no papers on his body that would establish the man's identity.

Grave Conditions in France.

Paris, June 17.—Radical measures to break up the strike of the French wine growers decided upon by the government today seem certain to result in rioting and bloodshed and the situation has taken on added seriousness.

Orders have been drawn up for the arrest of the ringleaders. Additional troops are being rushed to the disturbed districts.

The wine growers have served notice that any attempt to make arrests will be resisted. Open rebellion as a result is a strong probability.

Today's Telegraphic News.

Assassination in Russia

Sevastopol, June 17.—While making the rounds of the docks today where trouble is constantly feared because the rebellious attitude of the sailors here. Col. Gussekowsky, deputy commander of the harbor was shot from ambush and instantly killed. The assassin escaped from the docks but was pursued by the police and eventually captured.

Sevastopol, Russia, June 17.—What is regarded as a direct attempt to assassinate Admiral Wiren, commander of the Russian squadron at Sevastopol, and officers with him in a launch, occurred here today. In some respects the attempt is similar to the alleged plot to assassinate the Czar and royal family when a cannon was discharged in their direction at the ceremony of the blessing of the waters.

The admiral and several officers were cruising about the harbor in a launch while a torpedo boat was practing. When the launch came in sight of the torpedo boat commanded by Lieut. Ruehzele, the ship suddenly changed her position. A few moments later a blank torpedo was discharged directly at the launch. While the missile was not loaded with explosives, it cut clear through the launch. Water began pouring through the opening, but the commander succeeded in beaching the sinking craft. Lieutenant Ruehzekle and all the officers of the torpedo boat have been arrested.

St. Petersburg, June 17.—This is the day of proclamations by the liberal and anti-government parties following the dissolution of the Douma. Tomorrow or Wednesday, when these proclamations and circulars have been widely distributed and read by the people, the reaction against the government is expected. Strikes, the old weapon of the working men, which forced the government to grant the so-called constitutional government which has just been overthrown by the dissolution of parliament, will probably be the first resort of the revolutionaries. Today the leader of the working men are in secret session planning to call out their followers. Serious trouble is feared when the strikes are ordered.

So far there have been no outbreaks of importance as a result of the dissolution.

A new danger is apparent, however, and that is that massacres of the Jews may follow.

Vienna, June 17.—Seven hundred Russian blue jackets have been arrested and the entire Black Sea fleet has been put out of commission, according to a telegram received here this afternoon from Odessa. Loyal troops are being rushed to Odessa and Sevastopol, where the situation has become desperate.

The Haywood Trial.

Boise, Idaho, June 17 — As under the law it is necessary for the defendant in a capital case to be present in court on the date set for the trial in order to secure an adjournment, Harry Orchard, self-confessed multi-murderer and chief witness in the trial of Wm. D. Haywood for complicity in the murder of ex-Governor Steunenberg, was taken to Caldwell today on an early train and arraigned before Judge Wood, charged with the murder of Steunenberg. Orchard was closely guarded by penitentiary officers and Pinkerton detectives on the trip. Because Judge Wood is in Caldwell, there was no session in the Haywood trial today.

When court convenes Tuesday morning Steve Adams will be called as a witness for the State. What he will do is a closely guarded secret. It is generally understood he will refuse to be sworn at all, as getting into contempt of court will make little difference to him, he now being under arrest on a murder charge.

Germany Aroused.

Berlin, June 17.—The confirmation by M. Pischon, French minister of foreign affairs, yesterday of the new so-called triple alliance between Great Britain, France and Spain, to guarantee their sea coasts and the integrity of their insular and Mediterranean posessions, has aroused great indignation here. The new alliance is regarded as aimed directly at Germany, and as such is throughly condemned. Many statesmen have felt that Germany will sooner or later be forced to war to protect herself if the efforts to cut her off in all directions are not abandoned. The new ententes between Spain and Great Britain and Spain and France, by which the coasts are guaranteed, promise to caused trouble in the future. Germany may protect against the entente unless some assurances are given her that the accords are not aimed at her.

The Case of Mayor Schmitz.

San Francisco, June 17.—The United States Supreme Court finally will pass upon the case of Mayor Eugene Schmitz convicted of extoration from French restaurants, according to a decision by the mayor's lawyers today, if the motion for a new trial is overruled by Judge Dunne on the 27th, and the appellate court supports the court's ruling. Steps to reorganize the city government will be taken today, it is expected when the board of supervisitors meet. The question whether Schmitz shall be ousted from his office will be taken up. The spectacle of the mayor managing the city's affairs while in jail does not appeal to the supervisiors. The police department probably will be the first to be overhauled. To oust the chief it will be necessary to oust the present commission.

The United States and Japan.

Chatham, England, June 17—The United States and the Japanese should be able to find a quick settlement of the differences caused by the San Francisco incidents, in the opinion of Admiral Ijuin, commander of the Japanese squadron now visiting Great Britain. He today expressed his views to the Publishers' Press. Just prior to coming to England Admiral Ijuin visited New York on the occasion of Gen. Kuroki's visit to the American metropolis. He was thus able to inform himself thoroughly on the American situation. "The best way to effect an amicable settlement of the differences between Japan and America," said the Admiral "is to discuss the matter only calmly and not to excite irritation on either side."

Collapse of a Bridge.

Chattanooga, Tenn., June 17.—A bridge under construction for the Stevenson Extension of the Southern Railway over Battle Creek at South Pittsburg fell partially today under the weight of an engine and two freight cars. A. B. Smith, foreman; W. W. Dunbar, George Porter, N. H. Smith and four negroes were injured. A. B. Smith is probably fatally hurt.

Women Agitators.

Chicago, June 17.—Women operators are proving the chief agitators among the Western Union and Postal Telegraph members of the Chicago Commercial Telegraphers' Union. They are much more anxious to strike than are the men, and today issued a similar formal notice to the two companies that if the officials are expecting them to take positions at smaller salaries than the men they would be badly fooled. The action of 1,500 operators at the union meeting yesterday in voting to ask the New York officials to demand a settlement from the Western Union within ten days is meeting with approval on all sides today.

Body in Hampton Roads.

Fort Monroe, Va., June 17.—Captain Mann, of the steamer Washington which arrived from Washington at Old Point early today, reported having seen the body of a midshipman floating in Hampton roads off Thimble Light. Captain Mann is unable to say whether there was more than one body. The discovery was reported to Admiral Emery and these launches were at once sent to Thimble Light.

Silver Service Presented.

Philadelphia, Pa., June 17.—Governor Edward R. Hoch, of Kansas, accompanied by several other State officers and their wives, together with prominent business men, arrived in this city from Washington today and this afternoon the Governor presented a magnificent silver service to the battleship Kansas, which is now lying at League Island navy yard.

Suspected of Murder.

Liverpool, June 17.—Police today arrested an Armenian named Moovedean, on suspicion of being concerned in the murder a few weeks ago of Caspar Vartarian, an Armenian priest, who was found dead in a trunk in a boarding house at 333 west Thirty-seventh street, New York.

The New York Stock Market.

New York, June 17.—The stock market opened irregular. A downward movement limited to fractions occurred in the first few minutes. At the end of the hour buying had carried prices up far enough not only to recover losses in the first few minutes, but to show net gains in all the stocks traded in.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

ELECTRIC RAILWAY EMPLOYEES

The interview held in Washington yesterday between representatives of the Alexandria and Washington Trades Councils and Superintendent Colvin of the Washington, Alexandria and Mount Vernon Railway Company was, it is said, unsatisfactory to the former. The representatives of the railway company refused to recognize the union recently formed by the employees or to reinstate certain men who had been discharged.

During the interview Mr. Colvin admitted that twenty or more men had been discharged, but denied absolutely that their membership in the union was the cause. He said that they were dropped for various reasons, which he did not care to make public. He would not commit himself on the recognition proposition, saying that he was just as much an employee of the road as the union men, and that they would have to take the matter up with the board of directors at the next meeting in July. He said that the company was paying good wages, better than the average, and that it had always treated its men well.

Here the interview concluded.

A called meeting of the Alexandria branch of the Amalgamated Association of Street and Electric Railway Employees of America was held last night in the Alexandria National Bank building, when the committee reported that an unsatisfactory interview had been held with Superintendent Colvin. James F. McHugh, F. C. Roberts, N. C. Sprague, John Riggles, and J. L. Feeney, a committee from the Central Labor Union of Washington, took part in the conference. The members of the Alexandria committee were John T. Harrison, R. N. Prettyman, Thomas Hulfish, R. S. Cleveland and Joseph Edwards.

After receiving the report it was decided to refer the matter to W. D. Mahone, of Detroit, international president of the organization. A telegram was sent to him, and it is said the matter will rest for the present.

Representatives of the Trades Council are non-communicative concerning their intentions, but reports are circulated to the effect that national leaders contemplate calling out all members of the union of railway employees, which means the boycotting of the road and incidentally Luna Park.

It was also reported that representatives of the union had approached officials of the Norfolk Steamboat Company and asked them to put another ferryboat on the route between this city and Washington, and that their request had been denied. This, however, could not be corroborated, and the report is supposed to have been the outcome of another incident. On Saturday last the president of the steamboat engineers' union of Washington called on Superintendent Callahan with a new scale of wages providing that engineers in the ferry service be paid $100 per month and their assistants $75. The company now pays $75 and $65. Mr. Callahan said the company could not comply with the scale, and a tieup was threatened. The superintendent told the president of the union to proceed with the tieup whenever he felt disposed. The matter, however, was compromised in some way, and the engineers were not called out.

WEDDING.

At 2 o'clock yesterday afternoon, in the parlors of the New Hotel Rammel, Miss Pauline Pretzfelder, daughter of Mr. and Mrs. Max Pretzfelder, was married to Mr. Morris Blumenfeld, of Washington, by Rabbi Stern. The ceremony was performed in the presence of only the two families. The parlors were beautifully decorated with palms and cut flowers. There were no attendants. The bride wore white French mousseline over taffeta, and her veil was caught with a crown of lilies of the valley. She carried a shower bouquet of bride roses and lilies of the valley. The ceremony was followed by a wedding dinner, served at the hotel. The guests at the wedding and the dinner were Mr. and Mrs. Magnus B. Shrier and Master Bertram Shrier, of Cleveland, Ohio; Mr. and Mrs. Sidney J. Kaufmann and Miss Roma Kaufmann, of Greensboro, N. C.; Mr. and Mrs. Henry Pretzfelder, of Baltimore; Mr. and Mrs. Mendel Blumenfield, parents of the groom; Miss Suggenheimer, Mr. and Mrs. August Kleeblatt, and Miss Miriam Kleeblatt, of Washington; Mr. and Mrs. Max Pretzfelder, parents of the bride; Mr. Leon Pretzfelder, Mrs. David Bendheim, Mr. and Mrs. Samuel Bendheim, Mr. and Mrs. Ferdinand Bendheim, Miss Sophie Bendheim, Mr. and Mrs. Raymond Blumenfeld, and Mr. Louis Bendheim, of Alexandria. After the wedding dinner Mr. and Mrs. Blumenfeld left for Jamestown and New York and upon their return will make their home in Washington. Mrs. Blumenfeld's going-away gown was brown rajah silk, with hat and gloves to match.

EPISCOPAL HISTORY.

In the Episcopal churches throughout Virginia yesterday was observed as an historical occasion, the 300th anniversary of the first celebration of the Lord's Supper on this hemisphere. At the recent session of the Episcopal Council at Warrenton a resolution was adopted requesting every clergyman in the diocese to preach last Sunday at one of his services on the history of the Episcopal Church in the United States from the landing at Jamestown to the present time. The request was complied with and interesting addresses were made in all the churches. At Christ, St. Paul's and Grace churches in this city the respective rectors told of the celebration of the Lord's Supper at Jamestown and of the progress of the Episcopal Church from that time. The anniversary was not only observed in Virginia but throughout the entire country.

PROPERTY SALES.

J. W. Goods has sold to W. H. Peck a house and lot on the north side of Queen street between Fayette and Payne.

H. I. Peck has sold to C. J. W. Summers the house and lot at the southwest corner of Duke and Alfred streets.

THE PRIMARY.

There is but one more day before the democratic primary to nominate a candidate for Congress, and the uncertainty of the result is as great as when the canvass opened. The one point on which most people seem to agree is that Mr. Ryan, of Loudoun, is practically out of the race and that whichever of the other candidates can secure the largest vote of that county has the best chance of winning. Today the friends of Messrs. Carlin, Gordon and Nicol are making positive assertions that their man will be nominated and give figures to prove their assertions, but as only one of the candidates can win, somebody's figures must be radically wrong. The voting on Wednesday will be at the usual polling places—the Elkton in the First ward, City Hall in the Second, Odd Fellow's Hall in the Third and the Friendship engine house in the Fourth. The polls will be opened at sunrise—4:33—and close at sunset—7:29.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were before the court this morning:

James Grimsley, charged with drunken and disorderly conduct, was fined $10.

William Levell, colored, charged with disorderly conduct, was fined $5.

James Scanlon, charged with being drunk and disorderly, forfeited his collateral by failing to appear.

A white man, charged with being drunk, was dismissed.

Joseph Davis, colored, charged with assaulting John Brown, forfeited his collateral by failing to appear.

Jerry Whitlock, colored, charged with carrying concealed weapons, was fined $20.

A white man, charged with drunken and disorderly conduct, was fined $5.

Cole Butler, charged with disorderly conduct, was fined $5.

AN ALLEGED BIGAMIST.

A dispatch from Cumberland, Md., says that Joseph Morrow, formerly of Piedmont, W. Va., who is now serving a four months' term in the workhouse for a misdemeanor, to which he pleaded guilty, will be arraigned to answer charges of bigamy committed at Braddock, Pa., and in Alexandria. It is claimed that while Morrow had a wife and two children at Piedmont, W. Va., and a wife in Braddock, Pa., he married a young woman in Alexandria, and deserted her four weeks later. [The Alexandria lady sent a picture of the man she married to the woman claiming to be Morrow's wife, and received a letter today saying that the picture is no way represented the man under arrest.]

THE MOHAWK.

The steam barge Mohawk, hailing from Portland, Me., which arrived at this port a week ago for a cargo of railroad ties for Boston, completed the loading of the cargo and sailed Saturday for the New England port to which she is consigned. The steamer has aboard about 15,000 ties, which were cut in the counties along the line of the Southern Railway and were brought here by rail. Although severals barges sail from Alexandria each week with cargoes of ties abroad, the Mohawk is the first steamer that has ever loaded them here, but it is understood she will return to the Potomac after delivering the cargo she has aboard for another load.

SUDDEN DEATH.

Jacob Seiders, a bridge carpenter, who was on the retired list of the Pennsylvania Railroad, died suddenly Saturday night at his home, 321 south Patrick street. He expired while reclining on a couch. The deceased had been complaining of feeling ill for some time. Mr. Seiders was a native of Pennsylvania, but had resided in this city many years where he had many friends and acquaintances. He was about sixty-eight years of age. Several children survive him. Mr. Seiders was a soldier in the federal army during the civil war. He was a member of Andrew Jackson Lodge of Masons of this city.

WHO CAN VOTE.

On Wednesday next a democratic primary to nominate a candidate for Congress, will be held. The polls will be opened from sun rise to sun set. Only white democrats are allowed to vote in the primary. In order to vote one has to be registered, and have his name on the printed list of those who paid their poll taxes on or before the 5th day of May. If he be a veteran of the civil war—Confederate or federal—the payment of the poll tax is not required.

SERMON TO REOHABITES.

Rev. G. I. Humphreys, pastor of the Methodist Protestant Church preached a sermon in that church last night before a large delegation of Rechabites from Washington and Alexandria. About 100 members from Washington were present, representing the Harmony, Union, Advance, Onward, Purity, and Jehu tents. A large delegation from Perseverance Tent, of this city, attended. The sermon dealt with the temperance question.

DISABLED STEAMER.

An accident to the machinery of the steamer Arrowsmith occurred off Liverpool Point yesterday morning, and the passengers were transferred to the steamer Wakefield, which was on her way up the river. The Wakefield put back to Colonial Beach with the excursionists, and the Arrowsmith returned to Washington under reduced speed.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; He says: "Doctors got badly mixed up over me; one said heart disease; two said it was kidney; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranted to cure blood poison, weakness and all stomach, liver and an, weaknges and all stomach, liver and kidney complaints, by E. S. Leadbeater & Sons, druggist, 50c.

CHILDREN'S DAY SERVICES.

The scholars, teachers and officers of the Sunday school of the Methodist Episcopal Church South with members of the congregation and others assembled in the church last night when Children's Day services were held. An interesting programme of exercises which had been prepared was well rendered. The programme comprised a processional song and other songs by the school, prayer by the pastor, recitations, song by a quartette of young ladies, a collection and benediction. The church was crowded to its fullest capacity and the interesting exercises were greatly enjoyed by all present.

There was a large audience present at the Children's Day exercises held at the Baptist Church last evening which were of a most interesting character; the singing was splendid under the direction of Mr. J. T. Preston, the recitations were each well rendered, especially those of James Williamson and little Beatrice Ayers. The exercise "The Heralds of Spring," by eleven girls! called for well merited approval. At the conclusion of a short talk by the pastor a collection was taken for the Bible work of the Southern Baptist Convention and a large sum realized. The organist was Miss Alice E. Thomas; violinists, Messrs. A. L. Jameson and Clarence Howell; clarionetist, Mr. F. H. Hill, and cornetist, Mr. Charles W. Fleet.

BABY SHOW AT LUNA PARK.

An approaching event, which promises to afford much rivalry, is the baby show manager Charles J. Goodfellow has scheduled for Monday, June 24th. Infants between six months and two years are eligible, and mothers desirous of having their little ones compete for the costly prizes will be furnished with explicit details by applying to the management, either in person or by letter.

Haley's Washington Orchestra Band will terminate its season Saturday night next, giving way to the American Regimental Band, which will make its Washington debut Sunday, June 23d, for a special season of two weeks. It is anticipated, in lieu of the Maccabee Lodge of Alexandria and the Young Men's Sodality Lyceum, who have selected June 19th and 20th for their respective outings, that Alexandria will be well represented, judging from the manner in which the tickets have been disposed of.

The free vaudeville at the park this week promises to surpass anything seen there so far this season, and, now that the reluctant summer time has finally decided to pay us a visit, big crowds will unquestionably be in attendance.

The Pocahontas Bell.

The Pocahontas bell, cast from historic pieces of metal donated for the purpose by prominent people in the various parts of the country, was formally presented to the Pocahontas Bell Association on the Kentucky reservation of the Jamestown Exposition grounds Saturday afternoon. The bell stands on the right of the main entrance to the representation of Old Fort Boone, which is Kentucky's exposition building.

A large crowd witnessed the ceremony. Governor Swanson was the orator and made an eloquent address. The governor received the bell in behalf of the faculty of the University of Virginia. The bell will be intrusted to the keeping of the university at the close of the exposition.

Other speakers at the ceremony were T. J. Wood, of general counsel of the exposition, and Maj. Hunter

Among the interested spectators was Mrs. Anna S. Green, of Culpeper, who founded the Pocahontas Bell Association.

Lord Gordon Dies at Sea.

Lord Granville A. Gordon died Saturday aboard a liner between Suez and Aden. His death recalls the sensational divorce case of four years ago, wherein he was named as co-respondent by his cousin, Eric Gordon, and in which the respondent was, before her marriage to Eric, Mrs. Fred Close, of Minnesota, nee Miss Jennie Humble. After the divorce she married Lord Granville Gordon and smuggled her little daughter out of the legal custody of her former husband by taking her to France on a specially chartered tug. The child was dressed at the time as a boy. The affairs of Lady Granville Gordon were the talk of the season in 1903, Eric Gordon, her second husband, secured a divorce after naming Lord Granville Gordon, his cousin, as co-respondent.

Attempt to Blow Up Store.

A partly successful attempt was made early yesterday morning to blow up Giovanni Tomassula's candy and grocery store at New Durham, North Bergen, N. Y. Somebody placed a stick of dynamite or an infernal machine in the basement wall near the store door and set it off. The explosion ripped a big hole in the bluestone wall, and sent the wooden stoop spinning across the street. Windows in the basement and two upper stories were smashed, and cases of groceries were upset. Tomassula, who was sleeping with his wife on the second floor, was thrown out of bed, and landed on the floor unhurt He told the police that he had never received any Black Hand messages, and could not recall the names of any one whom he had reason to suspect of being an enemy.

Dropped Baby on Redhot Stove.

Mrs. Angeliza Inguit, of Garfield, N. J., went over to New York Saturday to visit her sister. Mrs. Inguit brought along her baby, a girl six months old. She was standing in the kitchen of her sister's flat, alongside a hot stove, nursing the child, when she was suddenly seized with an epileptic fit. In her paroxysms she tossed the baby on the stove, and before her hysterical sister could do anything the little one was burned to death. The screams of Mrs. Inguit and her sister aroused the whole tenement and attracted several policemen. This aroused the block, and there was half an hour of intense excitement, involving the whole neighborhood. The shock of the loss of her baby temporarily unbalanced Mrs. Inguit's mind.
